EDUCATION

Bachelor's Degree

Bucharest University of Economic Studies

📅 2024 - 2027 [📍 Bucharest](#)

- (on going) | Computer Science (Economic Informatics)

PROJECTS

Law Firm Platform – Full-Stack Web Application

Live: <https://avocatalexandragolos.ro>

Next.js, TypeScript, Supabase, PostgreSQL, Tailwind

- Built and deployed a production web platform for a real law office, combining a public website with a secure admin dashboard.
- Implemented authentication and role-based access control for managing content and client data.
- Developed CMS functionality for articles, FAQs, team profiles and editable website sections.
- Built secure file upload and access flows using Supabase Storage and server-side authorization.
- Created client intake workflows from contact forms with status tracking and archival logic.
- Owned the project end-to-end, including architecture, database design, UI implementation, deployment and SEO setup.
- Designed flexible content and contact flows to support different site goals, from client conversion to informational presence.

EXPERIENCE

Game Presenter

Arrise

📅 2021 - Present [📍 Bucharest](#)

- Worked in a fast-paced, procedure-driven environment requiring accuracy, consistency and quick decision-making.
- Strengthened communication and adaptability through constant interaction and real-time task execution.

SUMMARY

Computer Science student and full-stack developer with hands-on experience building and deploying a production web platform for a real client using Next.js, TypeScript and Supabase. Comfortable working across frontend, backend, database design and product thinking. Also conducted direct outreach and user research with legal professionals to better understand workflows and shape software ideas around real needs.

SKILLS

Languages: JavaScript, TypeScript, HTML, CSS

Frontend: React, Next.js, Tailwind CSS

Backend: Node.js, Supabase, PostgreSQL, REST APIs

Concepts: Authentication, RBAC, CMS, SEO basics

SPEAKING LANGUAGES

Romanian - Native

English - Native/Near Native

Quality Assurance Tester

Electronic Arts

2019 - 2021 [📍 Bucharest](#) 📅

- Executed test plans and identified gameplay and UI issues in collaboration with development teams.
- Logged, tracked and verified bugs using internal tools and structured QA workflows.
- Developed strong attention to detail, pattern recognition and consistency in repetitive testing environments.
